Assignment-11

Submitted by : Gargi Trivedi 2019PSP3023

Write a javascript which asks: 'Official name of JavaScript?'
e.g. If "ECMAScript", then "Right!",
else "Didn't know? ECMAScript!"

Using

a) If..else

```
1  var ask=prompt("Official name of JavaScript?")
2
3  if(ask=="ECMAScript")
4    alert("Right!")
5
6  else
7    alert("Didn't know>ECMAScript!")
```

b) case

```
1  var x = prompt("Official name of javascript?");
2  switch (x) {
3    case "ECMAScript":
4      alert("Right!")
5        break;
6
7    default:
8      alert("Didn't know? ECMAScript");
9  }
```

c) conditional

```
1  var ask=prompt("'Official name of JavaScript?")
2
3  ans=(ask=="ECMAScript") ? (alert("Right!")): (alert("Don't know ECMAScript"))
```

OUTPUT

classroom.google.com says

'Official name of JavaScript?

ECMAScript

OK   Cancel

---

classroom.google.com says

Right!

OK

---

classroom.google.com says

Official name of javascript?

hfhf

OK   Cancel
